Treasury Financial Manual

Transmittal Letter No. S1 10-01 **Volume I**

To: Heads of Government Departments, Agencies, and Others Concerned

Subject: Publication of Federal Account Symbols and Titles (FAST) Book I and FAST Book II

1. Purpose

This transmittal letter releases ***revised*** FAST Book I (standard version) and ***new*** FAST Book II (data standardization version). FAST Book I displays the two-digit department regular code. FAST Book II displays the three-digit agency identifier code.

Agencies may access both FAST Book I and FAST Book II on the FAST Book Web site at **http://www.fms.treas.gov/fastbook**.

2. Background

In support of standardizing data elements, the Financial Management Service (FMS) and the Office of Management and Budget (OMB) partnered to establish a standard three-digit agency identifier code. Eventually, the new three-digit code will replace the current two-digit department regular code that FMS and OMB use for transaction processing and central reporting. FAST Book II will support the new three-digit agency identifier component of the Treasury Account Symbol (TAS) format as published by the Financial Systems Integration Office in the Common Governmentwide Account Classification Structure (CGAC) V1.0 July 2007 publication. CGAC V1.0 defined an eight-digit component TAS, and the three-digit agency identifier code is part of the eight-digit component TAS. FAST Book II standardizes the three-digit agency identifier code of the component TAS.

4. Summary of Changes to FAST Book I

See the attached Summary of Changes for FAST Book I. FAST Book II does not have a Summary of Changes since it is a new publication.

5. FMS Application Updates

Currently, FMS is updating its transaction and reporting systems to collect and display the component TAS. Beginning in mid-November 2010, agencies will be able to use either the current TAS format or the component TAS format in some of the Governmentwide Accounting applications, such as the Account Statement and the Classification Transactions and Accountability Module. In the spring of 2011, the Intra-governmental Payment and Collection System will provide the flexibility to accept and display either the current TAS or the component TAS. FMS expects other FMS applications that manage collection and payment transactions will begin to move to the component TAS format during 2012.

In January 2013, GTAS will replace the functionality of the Federal Agencies' Centralized Trial-Balance System (FACTS) I and FACTS II, the Intragovernmental Fiduciary Confirmation System, and the Intragovernmental Reporting and Analysis System as the primary means of reporting agency trial-balance data. GTAS will require all agencies to submit their accounting data only in the new component TAS format.

FMS encourages agencies to stay up to date with data standardization within the FMS applications with which they do business and to develop an implementation strategy that will allow them to use the component TAS format to support these applications and their expected rollout dates.

Agencies should sign up for automatic email notification of FMS application updates at **https://www.fms.treas.gov/fmsweb/EmailSubscribeAction.do**.

6. Effective Date for FAST Book I

FEDERAL ACCOUNT SYMBOLS AND TITLES (FAST) BOOK I
(Two-Digit Department Regular Codes)

SUPPLEMENT 1 TO VOLUME I TREASURY FINANCIAL MANUAL

Receipt, appropriation, and other fund account symbols and titles are assigned by the Department of the Treasury (the Treasury) consistent with the principles and standards prescribed by the Comptroller General of the United States. This release contains account symbols and titles assigned by the Treasury. The receipt, appropriation, and other fund account symbols and titles of this consist of three parts:

- Part I - Receipt Account Symbols and Titles
- Part II - Appropriation and Other Fund Account Symbols and Titles
- Part III - Foreign Currency Account Symbols and Titles
- Part IV - Indices to Appropriation and Other Fund Account Symbols and Titles.

Part I contains receipt accounts arranged numerically within each fund group; that is, general, special and trust. General fund miscellaneous receipt accounts (within the range 0612 through 3885), are categorized by major classes and account groups. Definitions are shown immediately following each major class and each account group, for use by agencies as a guide in classifying deposits and other credits to the appropriate receipt account symbol and title shown under the definition of each account group. Citations to the United States Code, or United States Statutes at Large, are shown for special and trust fund receipt accounts.

Part II contains appropriation and other fund accounts for each agency, which are arranged numerically within each fund group; that is, general, revolving, special, deposit and trust. An index for these accounts by (1) agency name in alphabetical order; and (2) agency index number in numerical sequence, is included at the end of this book to assist the user in locating the account for an agency. Citations to the United States Code, or United States Statutes at Large, are shown for the revolving, special, deposit and trust fund accounts.

Each page in Parts I and II of the publication carries a page number code associating it with that part: R—Part I Receipt Accounts; A—Part II Appropriation and Other Fund Accounts.

Part III contains foreign currency accounts assigned for use in accounting and reporting for receipts, disbursements, sales for dollars, and balances of foreign currencies originally acquired by the United States Government without payment of dollars, and for currencies held in trust.

Part IV contains the alphabetical and numerical indices.

FEDERAL ACCOUNT SYMBOLS AND TITLES (FAST) BOOK II
(Three-Digit Agency Identifier Codes)

SUPPLEMENT 1 TO VOLUME I TREASURY FINANCIAL MANUAL

Receipt, appropriation, and other fund account symbols and titles are assigned by the Department of the Treasury (the Treasury) consistent with the principles and standards prescribed by the Comptroller General of the United States. This release contains account symbols and titles assigned by the Treasury. The receipt, appropriation, and other fund account symbols and titles of this consist of three parts:

- Part I - Receipt Account Symbols and Titles
- Part II - Appropriation and Other Fund Account Symbols and Titles
- Part III - Foreign Currency Account Symbols and Titles
- Part IV - Indices to Appropriation and Other Fund Account Symbols and Titles.

Part I contains receipt accounts arranged numerically within each fund group; that is, general, special and trust. General fund miscellaneous receipt accounts (within the range 0612 through 3885), are categorized by major classes and account groups. Definitions are shown immediately following each major class and each account group, for use by agencies as a guide in classifying deposits and other credits to the appropriate receipt account symbol and title shown under the definition of each account group. Citations to the United States Code, or United States Statutes at Large, are shown for special and trust fund receipt accounts.

Part II contains appropriation and other fund accounts for each agency, which are arranged numerically within each fund group; that is, general, revolving, special, deposit and trust. An index for these accounts by (1) agency name in alphabetical order; and (2) agency index number in numerical sequence, is included at the end of this book to assist the user in locating the account for an agency. Citations to the United States Code, or United States Statutes at Large, are shown for the revolving, special, deposit and trust fund accounts.

Each page in Parts I and II of the publication carries a page number code associating it with that part: R—Part I Receipt Accounts; A—Part II Appropriation and Other Fund Accounts.

Part III contains foreign currency accounts assigned for use in accounting and reporting for receipts, disbursements, sales for dollars, and balances of foreign currencies originally acquired by the United States Government without payment of dollars, and for currencies held in trust.

Part IV contains the alphabetical and numerical indices.
