

- 1. The Internet Payment Platform (IPP) Intra-Gov (IG) Module will track each GT&C with the following unique number schema:**

GTC-CCYYMMDD-0000000

Example: GTC-20110407-0000001

IPP will incrementally increase the GT&C number by 1 for each GT&C that is created each day.

Text (20)

- 1. The IPP will track each Order within it's parent GT&C number (see above schema) with the following unique number schema:**

O-CCYYMMDD-0000000

Example: O-20110407-0000001

IPP will incrementally increase the Order number by 1 for each Order that is created by the Requesting Agency (Buyer) each day under its parent GT&C.
